Location of the training modules

All training modules are located in the **Training** section of the AlphaRoute Resources Web site at: www.resources.alpharoute.org

The diagram illustrates the location of training modules on the AlphaRoute Resources website. A purple rounded rectangle labeled "Training" is connected by a line to a screenshot of the website's navigation menu. In the screenshot, the "Training" link is highlighted in a purple box. The website header includes the AlphaRoute logo and navigation links for Home, Contact us, Site map, Français, and AlphaPlus. The main content area features a "Learn online with AlphaRoute!" banner, a "Try AlphaRoute!" section with a "GO" button, a "Register" section with a "GO" button, and a "Learn" section with a "GO" button. Below these are "News and updates" with two articles: "February 01, 2007 - AlphaRoute Resources Web site launch" and "January 24, 2007 - AlphaRoute's popular online courses are ready to start again".
